### Allowance

1. Claims 1, 3-7 and 9-11 are allowed.

### Reasons for Allowance

2. Regarding claim 1, Park discloses a portable telephone terminal (see mobile communication terminal from abstract) having a load portion (see unit 40 from Figure 1) and operable to receive a battery unit (see unit 10 from Figure 1) for supplying operating power (see 7.2V from Figure 1), where power consumption varies (see 3.9V and 5.0V from Figure 1) according to a status of operation (see TX\_MODE from Figure 1) of the portable telephone terminal, said portable telephone terminal comprising:

a first power supply circuit (see unit 22 from Figure 1) arranged so as to be connectable to said battery unit and operable to convert (see converting the DC voltage from column 1) a voltage of said battery unit;

a second power supply circuit (see unit 18 from Figure 1) arranged so as to be connectable to said battery unit and operable to convert (see converting the DC voltage from column 1) the voltage of the battery unit;

Art Unit: 2614

a determining circuit for determining said status of operation (see transmission mode and reception mode from column 1) of the portable telephone terminal; and

a control circuit (see SW from Figure 1) for effecting control according to said determined status of operation to switch between a first power supply mode (SW = closed) wherein said first power supply circuit supplies power to said load portion and a second power supply mode (SW = open) where said second power supply circuit supplies power.

Because Park fails to teach the second power supply circuit (see unit 18 from Figure 1) supplies power (see 3.9V from Figure 1) to said load portion (see unit 40 from Figure 1) during the second power supply mode (SW = open), claims 1 and 7 are allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
